Commander's Column

Happy New Year!! I trust everyone made it through the holidays successfully. The holiday season is always a season that reminds us of all the blessings we enjoy. A time of hope, promise, good cheer and the importance of family.

December was a busy month. Our Post 10 family participated in the Manassas City Christmas parade. A special thank you goes to the Manassas Young Marines who not only helped in the parade but also with the Wreaths Across America (WAA) ceremony in Manassas Cemetery. Speaking of WAA, I want to extend my appreciation to all who helped make this event such a great success including the many Manassas area residents and young children who showed up and helped lay wreaths at the grave sites of veterans.

The Post saw another successful food drive helping those in need. Once again, Operation Sugar Plum went off without a hitch, helping young military families in the Fort Belvoir area.

As we close out the holiday period, lets not forget those less fortunate. Reach out if only to say "Hello. Are you OK? What can I do for you?" The colder weather will be with us for a few more months so **bundle up and be safe.**

On a more somber note, The American Legion lost a dear friend in December. Comrade **Joanne Smoot** passed December 14th at Culpeper hospital. Her family was with her. No details yet on arrangements.

and National Blood
Donor Moth. If you are
able donate a pint.

The Executive Board and myself, would like to wish everyone a Merry Christmas and Happy New Year. Spread the joy and stay safe.

The Post has been active this holiday season with the Legionnaires, Sons, Riders, and Auxiliary providing food and gifts to our Veterans in area homes as well as Toys for Tots, and feeding area needy families. Let's keep this spirit going throughout the year.

Veterans Affairs, Office of Inspector General: Improvements Needed to Ensure Final Disposition of Unclaimed Veterans' Remains

The OIG examined whether VA has an effective governance structure for ensuring deceased Veterans whose remains are unclaimed are interred with dignity in a final resting place, such as burial in a national cemetery. The review was initiated in response to reports that deceased Veterans' unclaimed remains were being kept in a funeral home's storage for decades, and may be indicative of a nationwide problem. VA is required by law to ensure that deceased Veterans without next of kin receive these burials. Yet, the responsibility for providing related benefits and services is dispersed among VA's three administrations.

The review team found ineffective governance in three key areas:

- VA missed opportunities to collaborate with entities that tracked unclaimed remains to help identify deceased Veterans or engage funeral homes and others to locate them. The review team identified more than 400 probable Veterans with records in a Department of Justice database of unclaimed deceased persons. The team also noted 1,700 cases in which VA confirmed that Veterans in an external database were eligible for burials, but could not demonstrate they had been interred.
- The department could not identify potential fraud or duplicate payments for burial benefits and services because payments cannot be reconciled across administrations that can reimburse for similar services (for example, two administrations could reimburse the costs of transportation for interment at a national cemetery).
- Oversight was hampered by the lack of a single VA office or executive responsible for coordinating approximately 27 offices that provide some benefits and services for these Veterans. The result is the lack of an accurate count of Veterans whose remains are unclaimed and the risk that those left unidentified could be placed in mass graves or stored for years unnoticed. VA concurred with the OIG's 11 recommendations to address the issues identified.

TOYS FOR TOTS

Delivering toys to the National Museum of the Marine Corps, Triangle, VA, on Saturday, 11 DEC 2021.

Thanks to all that contributed toys for this most worthwhile cause.

Photos by *Gunny*

The Marine Toys for Tots program has been delivering a message of hope to less fortunate youngsters since 1947.

Toys for Tots is a top rated charity.

Over 97% of donations goes directly to their mission of providing toys, books, and other gifts to less fortunate children. Three percent covers fundraising expenses—not one donated dollar goes to salaries or any other personnel costs.

PONDER THIS!

Is there ever a day that mattresses are not on sale?

If 4 of 5 people suffer from diarrhea, does that mean 1 out of 5 enjoy it?

Why does Superman stop bullets with his chest, but ducks when you throw a revolver at him?

Why did Kamikaze pilots wear helmets?

If a cow laughed, would milk come out of her nose?

Whatever happened to Preparations A through G?

Why do banks charge a fee due to insufficient funds when they already know you're broke?

NOTICES: When playing the 'game' machines *you must turn in your cash receipts within 48 hours of printing them.* After that they become **null and void.** The Post has 48 hours to pay on winning tickets. Please cooperate.

American Legion Riders Post 10

The Post 10 Legion Riders had a good month In November. They visited local Manassas schools to pick up Thank You cards the children made thanking Veterans for their service.

The Riders then supported cleaning up the Post's parade float and participating in the Manassas Veterans Parade as part of a successful Post wide effort. In addition to our Post Riders, there were Riders from Post 1033, Elmont, NY, in support of our Post. The Riders donated \$2000.00 to the Sons for purchase of TVs and associated equipment for the patio.

December was also very successful for the Riders. It began with participation in the Greater Manassas Christmas parade with 21 Post 10 Legion Riders as well as **Bernie Brown**, Sergeant at Arms, Post 176 Riders, Springfield. The Riders supported Toys for Tots on December 11th by taking the collected toys to the National Museum of the Marine Corps. Special thanks to Post 10 Auxiliary, Legionnaires, and Sons, for collecting the donations. Two trucks and a van all full of toys and bikes were delivered by the Legionnaires and Riders.

On December 18th the Riders participated in the Wreath Across America by placing wreaths on Veterans' graves interred at the Manassas City Cemetery. The Riders, along with other Legionaries, wanted to make sure all Veterans were remembered at this time of year.

To round out the Christmas season the Riders provided gift cards to Operation Sugar Plum at Fort Belvoir. These cards are distributed to Junior Enlisted allowing them to buy presents for their children. Special thanks to **Leo Smith** for heading up this effort.

Keep the shining side up. For God and Country.

How to Donate Wisely After a Disaster:

As residents across Kentucky, Illinois, Tennessee, Arkansas, and Missouri begin taking stock following the devastating series of tornadoes that hit their states, you might be looking for ways to help the people and communities affected. Unfortunately, scammers also are busy trying to take advantage. You want to make sure your money gets in the hands of charities you want to help.

If you're looking for a way to help, the Federal Trade Commission urges you to be cautious of potential **charity scams**. Do some research to ensure that your donation will go to a reputable organization that will use the money as promised.

Consider these tips:

Donate to charities you know and trust with a proven track record with dealing with disasters.

Be alert for charities that seem to have sprung up overnight in connection with current events. Check out the charity with the **Better Business Bureau's (BBB) Wise Giving Alliance, Charity Navigator, Charity Watch, or GuideStar**. Designate the disaster so you can ensure your funds are going to disaster relief, rather than a general fund that the charity could use for any of its work.

If you get donation requests by email, never click on links or open attachments in e-mails unless you know who sent it. You could unknowingly install **malware** on your computer.

Don't assume that charity messages posted on social media are legitimate. Research the organization yourself.

When texting to donate, confirm the number with the source before you donate. The charge will show up on your mobile phone bill, but donations are not immediate.

Find out if the charity or fundraiser must be registered in your state by contacting the **National Association of State Charity Officials**. If they should be registered, but they're not, consider donating through another charity.

Source: Federal Trade Commission

How to **donate wisely** and **avoid scams**

Look up a charity's report & ratings:

- give.org
- charitywatch.org
- guidestar.org
- charitynavigator.org

Never pay by **gift card** or **wire transfer**.
Credit card and **check** are safer.

Watch out for names that only look like **well-known** charities.

Search the charity name online.
Do people say it's a scam?

Ask **how much** of your donation **goes to the program** you want to support.

Donating online?
Be sure where that money is going.

LOCKER RENT WAS DUE on Friday, 31 DEC 2021:

Automated Process Records Veteran's Community Administered Vaccinations

VA is making it easier to keep track of your community administered vaccinations. Veterans who receive immunizations through an in-network community provider or retail pharmacy no longer need to provide VA documentation to ensure these vaccinations are entered in their patient record. VA recently implemented an improved Community Administration of Vaccine Encounters (CAVE) process, which automatically records immunizations into your medical record. The November 2021 CAVE update expands the process to include flu, COVID-19 and other authorized immunizations administered by community providers.

If you are given an immunization in an emergency department or urgent care setting, you will still need to provide a copy of the immunization record to your VA provider.

Seamless process improves Veterans' Continuity of Care: CAVE is seamless for you because immunizations given by providers in the community – billed to and paid for by VA – will be automatically added to your VA health record. The CAVE process is also seamless for in-network community providers and retail pharmacies because it does not change the claims submission process or required data.

Increases Veterans' safety: CAVE enhances your safety. By automatically recording community-administered vaccines, we reduce the chance you will receive a duplicate vaccination. Through the CAVE process, the vaccine's name, manufacturer and date the vaccine was administered will automatically be recorded in your VA medical record.

Community administered immunizations are added to your VA medical record 30 business days after they are administered, or when the claim is received, whichever is longer. COVID-19 vaccinations will be added 10 business days after they are administered or when the claim is received, whichever is longer.

From Auxiliary Unit 10:

December was another busy month for the Auxiliary!!

We participated in the Manassas Christmas parade on December 4th. It was a chilly but fun day!!

On December 9th a group got together to make gingerbread houses for the Children's Christmas party which was held on December 11th. The children enjoyed decorating the gingerbread houses and eating lots of goodies! Adding to the excitement, Santa made his arrival on a fire truck!

This month we also created food baskets for families in need within the Manassas City School system. Due to an error at the schools, only a few families received their baskets, unfortunately. The rest of the food was donated to the House of Mercy. A big thank you to the SAL for all their help!!

I would like to thank everyone who volunteered to help make all of December's event successful!!

Happy New Year to all!!
